

California Equity Leaders Network

Opportunity by Design: The Impact of Land Use Decisions on Equity and Inclusion Legislative Luncheon Series

May 18, 2017 • 12:00-1:30pm

Mayahuel Restaurant, 1200 K Street, Sacramento, CA 95814

The California Equity Leaders Network, in partnership with the Latino, Asian Pacific Islander, Black, Jewish, and Legislative caucuses, is pleased to launch our fourth annual speaker series for legislative staff. As the number of people of color in California continues to grow alongside new extremes of inequality, it is increasingly clear that the future of our state will be dependent on how well we are able to address the challenges faced by our diverse communities. **In this session, speakers will discuss the impact of land use decisions on the health of communities and explain how state policy can influence local land use outcomes.**

LUNCH WILL BE PROVIDED. Please RSVP to Lizette@ideatecal.com to reserve your space.

Speakers:

- **Megan Calpin**, UC Berkeley School of Public Health
- **Hugo Lujan**, East Yard Communities for Environmental Justice
- **Ashley Werner**, Leadership Counsel for Justice and Accountability

About the California Equity Leaders Network

The California Equity Leaders Network is a statewide collaborative effort of over 60 local, regional, state, and national groups dedicated to improving the lives of all Californians and promoting a future of shared prosperity. To this end we are committed to sharing knowledge, supporting one another, and collaborating on policies that advance equity in California. Network members have a shared interest in building a healthy and prosperous California by improving social, economic, public health and environmental outcomes for low-income people and communities of color across the State. We view policy change as one of several core strategies for accomplishing this and believe that collaboration is crucial to our success.
